

Love Me Like You Do

Big Tent Revival

The day I met you, I was prayin' for a friend
You really did show me, God is not pretend
You're a beam of sunshine, in a world of lightning, well...

Chorus

I've been sad and blue
I've been flyin' solo
Surely God sent you
I can see your halo
'Cause you love me like you do
Yea, you love me like you do

When I go to dreamin
This is what I see
All the lonely people have a friend like me
You're a beam of sunshine, in a world of lightning, well...

Chorus

Well, I heard about angels sent to us from heaven
Until I met you, can't say I ever seen one
'Cause you love me like you do
