

# The Pleasure And The Greed

Big Wreck

So I make you happy  
And I make you sick  
Forget the traffic  
I'm used to all of it

It's no fair to say  
I'm only taking what I need

Don't feel so snappy  
I don't give a shit  
Forgive the traffic  
I'm used to all of it

It's no fair to say  
I'm only taking what I need  
What I need  
OK I fess up to the pleasure and the greed

I'm always over at your place  
And I'm licking your hmmm hmmm  
You should be over at mine  
Licking my wounds

I'm always over at your place  
And I'm licking your hmmm hmmm  
You should be over at mine  
Licking my wounds

You're used to all of this  
What I need  
It's no fair to say  
I'm only taking what I need  
What I need  
OK I fess up to the pleasure and the greed

What I need  
Pleasure and the greed  
The pleasure and the greed  
Pleasure and the greed  
Pleasure and the greed  
Pleasure and the greed  
Pleasure and the greed
