

Dance The Blues Away

Bill Miller

Put on your best new dress,
And let your hair hang down
Leave behind that kitchen mess,
We're going out on the town
I'll put my new boots on,
Brush off my hat
And like the wind we're gone
Can't do better than that

And then we'll dance the blues,
Dance the blues,
Dance the blues away
Tonight is yours and mine
Like old times,
Let's dance the blues away

I asked you for your hand
Seven years gone by
Back when we used to dance
Let's give it one more try
Each day brings new romance
That our hearts can't hide
Under the moon you'll dance
In my arms tonight

Out in this crazy world
Things can go wrong
I've got one and only girl
And we're still going strong
