

## Dog House Blues

Bill Monroe

I went downtown thought I had a dime  
Got home this morning didn't have a dime  
Lordy Lordy Lordy got the dog house blues  
No use talkin' I got the dog house blues

Come home this morning about half past eight  
She said honey you're out too late  
Lordy Lordy Lordy got the dog house blues  
No use talkin' I got the dog house blues

I went in the house to start the fire  
She kicked me out in the middle of the night  
Lordy Lordy Lordy got the dog house blues  
No use talkin' I got the dog house blues

I fell in the yard mad as I can be  
Said to my dog make room for me  
Lordy Lordy Lordy got the dog house blues  
No use talkin' I got the dog house blues
