

Eyes

Billy Dean

When my eyes first laid eyes on you
That's when my heart came unglued
And much to my surprise
We greeted the sunrise
And oh how good it felt
To lay there and melt

And I haven't been the same
And my life has forever changed
I knew right then
That never again
Would they ever be sad or blue
When my eyes first laid eyes on you

Something awakened inside
'Cause right there
I broke down and cried
And that old mystery
How love's supposed to be
It all became so clear
Through the laughter and tears

And I haven't been the same
And my life has forever changed
I knew right then
That never again
Would they ever be sad or blue
When my eyes first laid eyes on you

Yeah when my eyes
first laid eyes on you
It's really no surprise
We're still greeting the sunrise
And I never will forget
The day that we met

When my eyes first laid eyes on you
Yeah when my eyes
first laid eyes on you
Oh my eyes
When they first laid eyes on you
Yeah when my eyes
first laid eyes on you
Laid eyes on you
