

# Aftershock

Billy Idol

Shock...

Shock...

Aftershock

Shake it up now

Aftershock

There was a trial

Like a fire

It lit the world that night

Ah, justice, truth, and the American way

I said liberty, treason

Loss of reason

Aw yeah

Say a prayer 'cause the world still burns

Yeah

Alright

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now, alright

Shake it up now

Shake it up

Shake it up now

Shake it up now

Shake it up

On the stand of the man who gave up his rights that night

Oh yeah

Battered, bloody, bruised and [?]

The gang of four still feed, that's right

It's hot in the city tonight

If we ride tonight

I'm gonna make you learn

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now

The aftershock, the aftershock, the aftershock to the system

Shake it up now

Shock...

Shock...

Shake it up now

Shock...

Shock...
