

How Good Is Your Game

Billy Paul

You're the one
You must decide
To move ahead
Or step aside
Find the game
That's right for you
Do or die
You either win or lose

(How good)
Now how good is your game?
(How good is your game?)
The game you play
Yeah

(How good)
Now how good is your game?
(How good is your game?)
The game you play
Every day

You brought it my way
(How good, how good)
(How good, how good)
(How good is your game?)
(How good is your game?)

The key to life
(Key to life)
Is in your hand
Submit you will, to the master's plan

Sacrifice
(Sacrifice)
To gain the prize
You're runnin' out
You better use it wise

(How good is the game you play?)
I wanna know
How good is your game?
How good is the game you play?
Don't let it go
How good is your game?
I wanna know

(How good, how good)
'Cause you told me so (How good, how good)
(How good is your game?) I wanna know
(How good is your game?) 'Cause you told me so

Man is known
(Man is known)
By the feud he bears
The seeds are sewn
While you're movin' fast
Keep it tight

With the wholesome view
'Cause what you give
(What you give)
Is coming back to you

(How good) Now, how good is your game?
(How good is your game?)
The game you play
Yeah, yeah, yeah, yeah

(How good) Now, how good is your game?
(How good is your game?)
The game you play
Every day

(How good is the game you play?)
I wanna know
How good is your game?
How good is the game you play?
Don't let it go
How good is your game?

How good (How good) is your game?
(How good is your game?)
(How good)
(How good is your game?)
The game you play
(How good)
Yeah, yeah, yeah, yeah

(How good is your game?)
(How good)
The game you play
(How good is your game?)
Every day
(How good)

How good is your game?
(How good is your game?)
The game you play
(How good)
Every day
(How good is your game?)
How good
(How good, how good)
(How good, how good)

(How good is your game?)
How good
How good is your game
How good
(How good, how good)
(How good, how good)

How good is your game?
The game you play
Every day
Yeah

(How good, how good)
(How good, how good)
Yeah, yeah, yeah, yeah, yeah
(How good is your game?)

(How good is your game?)
