

## Angels Protect This Home

Billy Ray Cyrus

We all marvel at the airplanes up so high  
But we aren't doin' nothin' but copyin'  
What we see in the birds in the sky  
We all marvel at the skyscrapers up so high  
If we don't be careful  
All the giraffes might not have no life

We all would just breathe in, breathin' in oxygen  
But that's just what you're thinkin'  
'Cause you can't see all the shade  
We all marvel at the airplanes up in the sky  
But we have to learn from  
The birds, they all know how to fly

And her mama was prayin'  
As the baby was dyin'  
And the earth could not breathe any longer  
'Cause the sea had died  
And you can't drink the water  
And you can't breathe the air  
You can't find love anywhere  
'Cause they are killin'  
They're out killin' in the street  
They are sittin' on fire  
And the devil's comin' for you and me

Comin' for you and me  
Comin' for you and me  
Comin' for you and me

I was singing this the other day  
You think you wanna get rid  
Of all them past-can-bes  
But when they no longer exist on the planet  
You'll just have to see  
We've gotta take care  
Gotta take care of the earth and the air  
And the sky and the water  
Angels protect this home

And the angels were singin'  
Deep meditation
