

Take it Easy Greazy

Billy Ray Cyrus

Take it easy Greazy
You got a long way to slide
Take it easy Greazy
You got a long way to slide
Take it easy Ggreazy
You got a long way to slide
You cut a deal with the devil
Now it's gonna be a long ride

Tom Greazy was a bad man
He kept an out-of-stained heart
He shot a [?] black man
He reckoned greed was an art
He always needed more than many
He was president of vice
When all his brothers popped a penny
Old Greazy took five

Take it easy Greazy
You got a long way to slide
Take it easy Greazy
You got a long way to slide
Take it easy Ggreazy
You got a long way to slide
You climb aboard with the devil
Now it's gonna be a long ride

Tom Greazy needed money
Much like a baby needs milk
He found the crippled people funny
He took some comfort in guilt
He thought his reign will last forever
Thought he will always be around
So when he woke up with the reaper
Old Greazy looked shocked

Take it easy Greazy
You got a long way to slide
Take it easy Greazy
You got a long way to slide
Take it easy Ggreazy
You got a long way to slide
He fixed the [?] for a seven
[?] gonna burn out
You climb aboard with the devil
Now it's gonna be a long ride

Take it easy Greazy
You got a long way to slide
Take it easy Greazy
You got a long way to slide
Take it easy Ggreazy
You got a long way to slide
Started down on the level
But you landed on the wrong side
You reach and ask for a seven
But you only [?]

You cut a deal with the devil
Now it's gonna be a long ride

Take it easy Greazy
Take it easy Greazy
Take it easy Greazy
Take it easy Greazy
