

Icky-Poo Air Raid

Bis

Icky poo air raid

The music that she wants to play
Is not deemed to be okay
She loves all that weird stuff
That weird people seem to love

She's sick of all the popular bands
Wants something not quite so bland
No more new kids on the block
She loves to hear that disco punk rock

Her favourite band is sonic youth
Well at least she tells the truth
The girls at school they love take that
And mark owen is the name of their cat
The name of their cat

Ooooh ooooh
She's gonna get you
With her icky poo, icky poo

They slag her off constantly
To the latest boyzone l.p
She's sitting in the corner there
Listening to huggy bear

She's sick of all the formula bands
Wants something not quite so bland
No more new kids on the block
She loves to hear the disco punk rock

And then on the way home from school
The girls think they look pretty cool
And join in the repeat to fade
And then icky poo air raid
The air raid

She's gonna get you
With her icky poo, icky poo

Shes gonna tell sonic youth
To get you with her icky poo, icky poo

Hey don't stop the air raid! x4

She's gonna get you
With her icky poo, icky poo

She's gonna tell sonic youth
She's gonna tell sonic youth
To get you with her icky poo, icky poo
