Excuse For Escape

Bitch Alert

Just one excuse Is all i need To drop this case again To hide from you again Violence will do it for you will do it for you You make me so scared of myself This time i feel that i could kill someone kill someone (you) Just one excuse To escape from you To drop this case again To loose from you again Violence will do it for you will do it for you You make me so scared of myself This time i feel that i could kill someone kill someone You make me so scared of myself This time i feel that i could crash into your crash into your Mind Then you You don It feel anything You don□t feel anything You don It feel anything You don It feel anything You make me so scared of myself This time i feel that i could kill someone kill someone You make me so scared of myself This time i feel that i could crash into your crash into your Mind
