

Awake

Black Country Communion

Song for the loyal
Dawn starts to creep
Hands in the soil
Lost in my sleep
Go In between
Down in the Veil
So Evergreen
Into the Gale

I'm not alone

In like a Thief
Over the Wall
It's my belief
I hear the call
Out on a rim
I understand
Ghostly the hymn
The promised land

I'm not alone

Now I'm awake
And the night grows stronger
It's gonna Break
And the light is stronger
I'm gonna make you shake
I'm gonna make you Holler
Now I'm awake
I'm gonna make you follow

Into the heart
Into the blood
Never apart
This brotherhood
A Simple plan
Only to Rise
Your talisman
No compromise

I'm not alone

Now I'm awake
And the night grows stronger
It's gonna Break
And the light is stronger
I'm gonna make you shake
I'm gonna make you Holler
Now I'm awake
I'm gonna make you follow

Now I'm awake
And the night grows stronger
It's gonna Break
And the light is stronger
I'm gonna make you shake
I'm gonna make you Holler

Now I'm awake
I'm gonna make you follow
