

# One Last Soul

## Black Country Communion

You were born in a jet stream  
Down in south caroline  
Got a role in the big scheme  
Now you're ready to shine

You're the one last soul  
Who can win it  
You're the one last soul  
If you try  
You're the one last soul  
If you live it  
You're the one last soul  
Tell you why

And if you feel  
What you got  
You can give it  
One last soul  
Make me cry  
You're the one last soul  
Who can win it  
You're the one last soul  
If you try

Now you burn  
Like a freight train  
You're a bird on a wire  
See you drivin me insane  
And i couldnt get higher

You're the one last soul  
Who can win it  
You're the one last soul  
If you try  
You're the one last soul  
If you live it  
You're the one last soul  
Tell you why

And if you feel  
What you got  
You can give it  
One last soul  
Make me cry  
You're the one last soul  
Who can win it  
You're the one last soul  
If you try

And if you feel  
What you got  
You can give it  
One last soul  
Make me cry  
You're the one last soul  
Who can win it  
You're the one last soul

If you try
