

Over My Head

Black Country Communion

I am bound on a mission
And I'm just about to land
Turn on the sound and vision
Won't you take me by the hand
Now the fruit tastes sweeter
And I slowly start to breathe
I got my eyes on the Meter
Gonna find my Liberty

All alone
Steppin' stone
Symbolize on automatic
All ready to go

Over my head
It won't go away
And here I will stay

Over my head
Remake and unwind
It's all in my mind

Here come the change of the weather
Now you got me on a chain
Cross the line white feather
In a whippin' hurricane

All alone
Steppin' stone
Crystallize it's so dramatic
All ready to go

Over my head
It won't go away
And here I will stay

Over my head
Remake and unwind
It's all in my mind

Over my head
It won't go away
And here I will stay

Over my head
Remake and unwind
It's all in my mind

I just can't live without it
My faith will shout about it
Out in the blue is where I roam
The universe is waiting
But mother earth is fading
I want to get back to my home

Crystallize it's so dramatic
All ready to go

Over my head
It won't go away
And here I will stay

Over my head
Remake and unwind
It's all in my mind

Over my head
It won't go away
And here I will stay

Over my head
Remake and unwind
It's all in my mind
