The Revolution In Me

Black Country Communion

I seen the tallest mountains
I've drank your finest wine
I've been your soldier of fortunes
I bend down to my last dime

Now it's mind over matter Story of legends, you'll see Like the fields of Dunkirk Still The Revolution In Me

I marched my army to New Orleans Burning everything in sight Ides of March are up on me Won't take me without a fight

Now it's mind over matter Story of legends, you'll see Like the fields of Dunkirk Still The Revolution In Me

I always handle my business Promptly rolled the dice I'm forty now, my best days are gone Still have fire in my eyes

Now it's mind over matter Story of legends, you'll see Like the fields of Dunkirk Still The Revolution In Me

Now it's my mind that matters Still The Revolution In Me Still The Revolution In Me
