

Matter Of Time

Black Lab

This cruel world is beautiful in the strangest ways
At the end of the darkest night comes the finest of days
But you know, sometimes you fall so hard, sometimes it hurts so
bad
Well, when you can't see the end hold on to your friends
Till your heart comes back to life and I say

Keep holding out for more
Keep holding strong in the storm
It's just a matter of time
Keep holding out for love
Keep holding your head above
It's a matter of time, I know
I know

Things change, just wait for the good things to come
At the end of the darkest night comes the light of the sun
Say - hold on, hold on to the best things you got now
And grow something new with the rain in your soul

Keep holding out for more
Keep holding strong in the storm
It's just a matter of time
Keep holding out for love
Keep holding your head above
It's a matter of time

Yeah, I'll be here
I'll be here
I'll be here for you
Take my hand
Take good care
I'll be here for you, you
