

## Dumpster Dive

Black Lips

Woke up where the sunshine bleeds  
Looking in a garbage bin  
And I ain't seen some good trash  
Since I, since I don't know when  
Since I don't know when

I went out dumpster diving  
Found some dirt painted gold  
I kept some dusty silver  
All covered up in mold

I dived in dusty diamonds  
All crumbly and old  
I took some sancrest jewelry  
And dumped it in a hole

Woke up where the sunshine bleeds  
Looking in a garbage bin  
And I ain't seen some good trash  
Since I, since I don't know when  
Since I don't know when

I went out dumpster diving  
Found some dirt painted gold  
I kept some dusty silver  
All covered up in mold

I dived in dusty diamonds  
All crumbly and old  
I took some sancrest jewelry  
And dumped it in a hole
