

Killing Hand

Black Majesty

Angels were falling
Out in the shadows
There was mistake with the blood on the sins
Darken and fallen
From deep down below
I was a ...came,
It's time to resolve all your lies

Stand alone and you'll believe it
Can you feel the killing hand?
...don't you hold the killing hand.

Demons are calling, screaming they names
Unholy, unchained by their souls
So rise out the darkness
Run into the light
It was a ...came
It's time to resolves all your lies

Stand alone and you'll believe it
Can you feel the killing hand?
...don't you hold the killing hand.

I hear you call again
...here to take my soul away
...by the killing hand,

It was a ...came
It's time to resolves all your lies

Stand alone and you'll believe it
Can you feel the killing hand?
...don't you hold the killing hand.
