

Stranger

Black 'N Blue

I watch my candle burn
And like a flame, I never learn
I burn myself to the end
I'm the fire, I never bend
But time is runnin' away from me
Another empty dream, yeah
Take my heart and soul
Don't need 'em now
Death on two legs, oh
You make me feel like a stranger (feel like a stranger)
Oh, and it's hard to believe
That I just keep feelin' like a stranger (feel like a stranger)
Misery in disguise
Tell me what do you want from me
Time goes by, but it ain't right
I'm on the barstool every night
A fool for you, I can't pretend
So here I go again, yeah
Knockin' on your door
Nobody's home
I'm on the streets again, oh

You make me feel like a stranger (feel like a stranger)
And it's hard to believe
That I just keep playin' with danger (feel like a stranger)
Misery in disguise
What do you want from me, oh
(solo)
Ahhhhh...ahhhhh
Ohhh
Ahhhhh...ahhhhh
I'm feelin' like a stranger (feel like a stranger)
And it's hard to believe
That I just keep playin' with danger (feel like a stranger)
Misery in disguise
Tell me what do you want
What do you want from me
Yeah
(feel like a stranger) what do you want
(feel like a stranger) playin' with danger
(feel like a stranger)
(feel like a stranger)
