

Breaking the Backs of Men

Black Tusk

Tower
Through the sky
Standing tall
Strong

Built by men
Brick by brick
Sign of might

A rise to power
Impose my will to all
Breaking the backs of men
Slaughter of innocence

Servants my word is law
No mercy for the weak
One man your god above
Survey my realm below

Useless my will fulfilled
Die on your knees below
My land runs red with blood
Picturesque monument
