Black Uhuru

Darkness, Seems to go by the world.  
Darkness, Seems to go by the world.

What does it work to put yourself in a rumtown.  
Who you told you to go obligation.  
Get off my back, Babylon.  
There's a pride in each & everyone's stage of life.  
I must keep Jah work and trend it foundation.  
Most of all they go to bed having high in there head.

Darkness, Seems to go by the world.  
Darkness, Seems to go by the world.

I see mothers & fathers watering all true, over material things  
.  
Is this a risal of their sins.  
Every look over my shoulder some time.

Darkness, Seems to go by the world.  
Darkness, Seems to go by the world.

Yes my structure isn't random.  
Among the rioters deep as a flesh.  
There is no recon to your faulty destruction.  
My blood is hot, you telling I.

Darkness, Seems to go by the world.  
Darkness, Seems to go by the world.

Quit the good foot and climb the ladder of life.  
Darker then blood, in a dis attention.  
Trumpet & Voice on a ??? celebration.  
Let us struggle with the new generation.  
The Deaf, The Dumb, The Blind.

Darkness, Seems to go by the world.  
Darkness, Seems to go by the world.
