Test 'til it's scarred
Press through the storm
Find who we are, with true desire
For no human being
Quest for your dreams
By any means, endure the fire

Test how true your faith is FAITH

PURE

Test and trial
An error destined to endure
Infallible unyielding to the adversary's law
'Cause I graft for the after me
Syntax in a masterpiece burner
Unless your flame's life surpasses eternal
You couldn't swing it if you had a pendulum strapped to your sternum I am the sun
One with the son of man righteousness
Won't be defeated by the underhand faceless
Hands in the presence of greatness
I'll teach you how to backstroke
With cinder block bracelets
Dark paddling kicking in the quick sand no aces
Constance under pressure
