

Keep On Smiling

Blackberry Smoke

Well you say you got the blues
You gotta hold up both your shoes, yeah
Feel alone and confused
You gotta keep on smilin'
Just keep on smilin'

Say you're 'bout to go insane, 'cause
Somebody's playin' games with your mind, and they
And they that you're to blame
Everybody gotta keep on smilin', no, no
Keep on smilin'

Keep on smilin' through the rain
Laughin' at the pain
Rollin' with the changes
Until the sun comes out again
You gotta keep on smilin' through the rain
Laughin' at the pain
Rollin' with the changes
Keep on singin', singin' with your friends

Well, you
Singin' in a honky tonk out there
Ain't nobody, nobody hearin' what you play
That's too bad, 'cause ya too busy drinkin', anyway
Yeah, you gotta keep on smilin'
Just keep on smilin'

Find a piece of land, I'm gonna settle down
Change from a city boy to a laid back country man, I'm gonna try
Try to build my life up with my hands
And just keep on smilin', yeah
Keep on smilin'

Keep on smilin' through the rain
Laughin' at the pain, at the pain, at the pain
Rollin' with the changes
Until the sun comes out again
You gotta keep on smilin' through the rain
Laughin' at the pain, pain, pain
Rollin' with the changes
And keep on singin'

Well, you're just hangin' out
Out there, at the local bar
And you're wonderin'
Who the hell you are
"Are you former?" somebody say
"Are you a star?"

Smile on through the rain
Laugh on at the pain
Roll with the changes
Until the sun comes out again
You gotta keep on smilin' through the rain
Laughin' at the pain, at the pain, at the pain
Rollin' with the changes

Just keep on singin'

Keep on smilin' (smilin')

Smilin' (smilin')

Laughin' (laughin')

Laughin' (laughin')

Rollin' (rollin')

Keep rollin' (rollin')

Keep on, everybody

Keep on, everybody

And smilin' (smilin')

Smilin' (smilin')

Laughin' (laughin')

Laughin' (laughin')

Rollin' (rollin')

Keep rollin' (rollin')

Keep on smilin' (smilin')

Smilin' (smilin')

Laughin' (laughin')

Laughin' (laughin')
