

# Shake Your Magnolia

Blackberry Smoke

I been around the block once or twice, baby  
Never seen a girl looking so nice, baby  
I guess a third time makes me a fool  
Just like the boys in the corner, trying to look so cool

You look like trouble with a capital "T", baby  
Your kind of drama is alright with me, baby  
You can make a mess of me so fine  
Yeah, you've got me, bait, hook, sinker and line, yeah

Come on, baby, shake your magnolia  
Come on, baby, do what I told you  
Come on, baby, give it all you got tonight

I would walk through flames to get to you, baby  
You shook that thing, I forgot my own name, baby  
I guess I'll have to stand in line  
It takes all night, I'll give you my last dime, yeah

Come on, baby, shake your magnolia  
Come on, baby, do what I told you  
Come on, baby, give it all you got tonight  
Come on, baby, shake your magnolia  
Come on, baby, do what mama told you  
Come on, baby, give us all a shot tonight

Alright, yeah, oh  
Mmm, oh  
Ah, give it up

Come on, baby, shake your magnolia  
Come on, baby, do what I told you  
Come on, baby, give it all you got tonight  
Come on, baby, shake your magnolia  
Come on, baby, do what mama told you  
Come on, baby, give us all a shot tonight  
Ah, tonight, yeah
