

Her Name Is

Blaque

A bright light appears, mesmerizing the angels
Beautiful doe eyes open with amazement
It is she, the inspiree of entertainment
God, the Highest, shows her a world without limitations
'Cause behind [?] songs are true pioneers
Captivating the heavens with a new idea
So even though you left us here
Welcome to the world of no more tears
I love you Lisa

Lets celebrate
New life
Uh-huh

Her name is Left Eye (c'mon, yeah)
And now she's flying high (yeah)
No more tears to cry
Love never dies, it transforms
Into so much more (yeah)
Than we've had before (yeah)
That's why we stay strong
Knowing we'll see you at Heaven's doors (uh-huh)

You still live in my heart
My light when it's too dark
Forever you will guide me
I look, you're right behind me (let's go)
You helped me believe (believe)
I could reach my dreams (my dreams)
Without you there'd be no B-L-A-Q-U-E

Her name is Left Eye (yeah)
And now she's flying high (yeah)
No more tears to cry
Love never dies, it transforms
Into so much more (yeah)
Than we've had before (yeah)
That's why we stay strong
Knowing we'll see you at Heaven's doors

An angel is what you are
A supernova star (a star)
More than a friend to me
You're like my second mommy (uh-huh)
You put me up on game (uh-huh)
Told me this thing gon' bang
Told me my life would change
And never be the same

Her name is Left Eye
And now she's flying high (oh-oh)
No more tears to cry
Love never dies, it transforms
Into so much more (yeah)
Than we've had before (yeah)
That's why we stay strong (yeah, yeah, yeah, yeah)
Knowing we'll see you at Heaven's doors

If I'm missing the storm, I'ma carry the quest (quest)
A line on my face with a eye on my chest (chest)
[?] on the mic, I'm glad to be speeching
Day by day, I'm glad to be speaking
On the rapper diva slash last Mohican (uh-huh)
Innovated, committed (yeah)
To what she did when she did it (yeah)
There's no dry moment when I can't flashback
Her mind like queen, her heart like Blaque (c'mon)
What bars you know got flow like that?
Chasing waterfalls and bringing the game
And kept pop stars breathing the fame (uh-huh)
Torch time but we riding, dropping each verse
Through this, we give her life a rebirth
Sixteen just for you baby what the dilly?
Raise two L's high, ATL and Philly

Her name is Left Eye
And now she's flying high
No more tears to cry
Love never dies, it transforms
Into so much more
Than we've had before
That's why we stay strong (one, two)
Knowing we'll see you at Heaven's doors

[?] Left Eye respect that
Till the day that I die, I'ma protect that
Love, rest in peace, Lisa [?] gave me my first tips
Turn pain into perfection so we never forget
And your baby girls back, now they doing just fine
When we put it all together yeah we knew that it would shine
Now we hold it down for you through Eyesight
[?] still the illest lyricist on the mic come on

And her name was: Lisa Lopes, Left Eye she died
So much pain, but this one I can't hold aside
From the beginning seen the end. it's so sad
My sister, your young brother's throwing the love right back
Never ever could be like that, when it turned dark
The first thought I see, your face smiles right back
Looking down on me, won't be forgotten
Even when my body's rotting, joining you
[?]

[?] we're gonna ride for you
And keep your dreams alive through the visions of Eyesight
We feel your energy, we miss your presence, and smilin' essence
And even when you're gone, still simplistic, so strong
No worries, your name will live on and on and on

Her name is Left Eye
And now she's flying high (that's right)
No more tears to cry
Love never dies, it transforms
Into so much more (yeah)
Than we've had before (uh-huh)
That's why we stay strong (c'mon)
Knowing we'll see you at Heaven's doors

I love you Lisa
No one will ever take your place

What you meant, to me, to your fans, to the world, understand?
I know God got something special, like we did
