

# Blasphemous Attack

## Blasphemy

Chiming of three bellscall  
Hear my cries for Satan I live in sin War I ride  
Oh lord hear my bestial cries  
Sacrificing of the lamb Son of Satan born of damned  
Drink the vomit from the priest  
Seven crowns of Hell prevail  
[chorus]; Hail now, Black moon rise  
Colding vengeance, Devotion rise  
Hailing to all evil desires Pray now for destruction and hate S  
atan now rising in fires Torment by all my hate  
Hooded demons in black Chanting around the fires  
Now the time has changed to light the candles  
[chorus]
