Blessthefall

We won't fall when we're under the gun  
When all your heroes have failed you

You'll never show your face, you are a coward  
We'll never let you win ever again, never again  
Preach your "gospel"  
Choke on your fortune and glory

No matter what they say we're not the ones who lost our way  
We're fighting for our lives  
It's not enough to say that we were the ones who lost our way  
We're fighting for our lives

All you built is in ruins  
All you loved has been destroyed

and now's the time you'll be forgotten  
and now's the time, your time to be  
Forgotten under when walls crash down around you
