

## Ad Nauseum Memorie

Blitzkid

My skin is crawling, there's something wrong,  
I hear voices there morbid song.  
Two time loser my hope is gone,  
Maybe it's just as well,  
I try to speak, no words to find,  
The emotional well has run dry.  
I no longer care who I may hurt,  
Maybe it's just as well...

[Chorus:]

Evil is my destiny,  
I wanna make you cry and make you bleed.  
Evil is my destiny,  
When I'm done, they'll remember me...

My hands are shaking, I'm just not right,  
Can't stop the hurting, I've lost my mind.  
Two time loser, my hope is gone  
Maybe it's just as well.  
I never was a popular guy,  
My emotional well has run dry.  
And killing you just makes me smile,  
Maybe it's just as well...

[Chorus]

My skin is crawling, there's something wrong,  
I hear voices there morbid song.  
Two time loser my hope is gone,  
Maybe it's just as well,  
I never was a popular guy,  
My emotional well has run dry.  
And killing you just makes me smile,  
Maybe it's just as well..

[Chorus]
