

Defeatist Anthem (Harry and I)

Blonde Redhead

You are my secret and I am yours
In real life we're pretending
But we, we're together
Like waves

They don't know the first thing
We mustn't be beaten down
I mean truly beaten
Will you make me part of you
And I will you of me

All I wanted for us to be one
All I wanted for us to be one
All I wanted for us to be one

Let me sleep
You let me sleep
