

Disco BloodBath

Blood On The Dance Floor

Unleashed from my neon coffin
Thirsting for lust, thirsting for blood
No reflection in the mirror
Bathing in blood faithless and numb
The night is dark and full of terror
Fatal cuts, murderous tongue

I'm hypnotized, perfumed by blood
Skin between my teeth dripping red like wine is sweet

Raising hell at the monster party
I'll reign in infamy
Drop dead, blood shed, paint it red
Vanity I am breaking, beauty I am taking
Oh la la la, oh la la la, oh la la la
Disco bloodbath
Oh la la la, oh la la la, oh la la la
Disco bloodbath

Hungry for lust, I'm hypnotized
Perfumed by blood
Skin between my teeth
Dripping red like wine is sweet
Wants become my needs
Habitual sensation
As I feed, evil breeds
Diseased by temptation
Nurturing malevolence
Haunt you like it's dreadfulness
Drinking blood like Dracula
Spit this flow so venomous
Sex and drugs like adrenaline
Bathe in blood of enemies
Cut throat with my savageness
Vilified I'm fabulous

Raising hell at the monster party
I'll reign in infamy
Drop dead, blood shed, paint it red
Vanity I am breaking, beauty I am taking
Oh la la la, oh la la la, oh la la la
Disco bloodbath
Oh la la la, oh la la la, oh la la la
Disco bloodbath

Take the radio, plunge it in the blood bath
Take the radio, plunge it in the blood bath

Unleashed from my neon coffin
Thirsting for lust, thirsting for blood
No reflection in the mirror
Bathing in blood faithless and numb
The night is dark and full of terror
Fatal cuts of murderous tongue
A masterpiece designed by horror
Lethal lips, poisonous kiss

Your blood makes me feel young

Raising hell at the monster party

I'll reign in infamy

Drop dead, blood shed, paint it red

Vanity I am breaking, beauty I am taking

Oh la la la, oh la la la, oh la la la

Disco bloodbath

Oh la la la, oh la la la, oh la la la
