

Ruler Ruler

Blood or Whiskey

Break it down come on hear the noise
come on down we're the blood or whiskey boys
do you think we're part of it?
this stale irish bullshit
oh didn't know what to say
but you said it anyway
oh didn't know what to do
fuck you
ruler ruler tonight
break it down it's still a fake applause
32 still my top drawer
feeling inept feeling of tragedy
turning the screws on ones history
