

Howl

Blood Red Shoes

What time do you call this?
Salt rain drenching my skin
This road is a dead end
I'll wait, take your advice
Sit back, roll the dice
Carry on and don't think twice
You say "nothing's for free"
But words are easy
Tell me what you want from me

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn

I lay here in my bed
It's not over yet
Will there come a time when it all will go?
One day near from now
I'll laugh, then I'll howl
When I'm throwing in the towel

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn

I'll be waiting on my own
I'll be waiting dog and bone
Watch me burn, watch me burn
