

Look Up to the Sky

Blood, Sweat & Tears

There's days in my life when I just assume are mine
Thinking about the good times the kind that's hard to find
There's nights I'm awake memories lingers on
The night will soon be over with the break of dawn

Look up to the sky look up to the sky
Look up to the sky, don't let your life go by
There's a bright up day, bright up day, bright up day
On the other side

Yesterday is gone, I left it all behind
Soul is all that's left of my troubled mind
I'm clinging to my freedom, let the west wind blow
Ain't no one to tell me what's right or what's wrong

Look up to the sky look up to the sky
Look up to the sky, don't let your life go by
There's a bright up day, bright up day, bright up day
On the other side

Look down to the earth the mother of your birth
Look up to the sky all you can do is try
Look up to the sky look up to the sky
Look up to the sky, don't let your life go by
Look up to the sky look up to the sky
Look up to the sky look up to the sky

Keep on looking oh look up
Keep on looking oh look up
Keep on looking oh look up
Keep on looking oh look up
Keep on looking oh look up
Keep on looking oh look up

There's a bright up day, bright up day, bright up day
On the other side

Yesterday is gone, I left it all behind
Soul is all that's left of my troubled mind
I'm clinging to my freedom, let the west wind blow
Ain't no one to tell me what's right or what's wrong

Look up to the sky look up to the sky
Look up to the sky, don't let your life go by
There's a bright up day, bright up day, bright up day
On the other side
