

## Bela Kiss

### Bloodsucking Zombies from Outer Space

Bela kisses you and reaches out for your heart  
But his kisses causes your life to fall apart  
Darkness evolves you and he takes control  
Bela drowns his pain together with his wives in alcohol  
Bela Bela Kiss Kiss - Come please stop telling lies  
Bela Bela Kiss Kiss - did you really kill your wife  
Put her in an iron tank pickled in formaldehyde  
Bela Bela Kiss Kiss - Kiss of Death and homicide  
What kind of monster have you let yourself become  
How many women are still out there on your farm  
Your bare hands - their neck - you choke them  
Your dark collection grows  
But Bela your cold heart  
Stays for ever broken  
Bela Bela Kiss Kiss - Come please stop telling lies

Bela Bela Kiss Kiss - did you really kill your wife  
Put her in an iron tank pickled in formaldehyde  
Bela Bela Kiss Kiss - Kiss of Death and homicide  
You adored your wife until she found her self alone  
But you made sure there was no happy ever after  
And still somewhere in your home with the others  
Carefully preserved float in blood strange bodies  
Bodies  
Bela Bela Kiss Kiss - Come please stop telling lies  
Bela Bela Kiss Kiss - did you really kill your wife  
Put her in an iron tank pickled in formaldehyde  
Bela Bela Kiss Kiss - Kiss of Death and homicide  
Of death and homicide  
Kiss of death and homicide
