

I Spit on Your Corpse

Bloody Hammers

There's a ticking in my head
Fuse is burning
No words can be said
Worm is turning

Oh if only you knew
My venom for you
Your face I deplore
My patience is worn
Can't take no more

I can't wait any goddamn longer
I spit on your corpse
I can't wait any goddamn longer
I spit on your corpse

So many times before
I'd grin and bear it
You should have hit the floor
I dream about it

Oh if only you knew
My venom for you
Your face I deplore
My patience is worn
Can't take no more

I can't wait any goddamn longer
I spit on your corpse
I can't wait any goddamn longer
I spit on your corpse
