

Messalina

Bloody Hammers

An execution is looming
The empire lives and breathes control
Your scandals stand disappointing
Legend will tell the heads you've rolled

For all the villainous cruelty
Stained by a river of blood
Depravity leads you guilty
Fall on the sword Messalina

The empress of the harlots
A malicious object of desire
In the palace of the flawless
Promiscuity ruled by iron

For all the villainous cruelty
Stained by a river of blood
Depravity leads you guilty
Fall on the sword Messalina
