

Based on a true story

Blowsight

I'm just a bit scared that's all
Since you never write back and never answer my calls
I'm waiting here by the phone
So let me know if you're alive and well
So I can leave you alone
Yeah, so I can leave you alone

I said I'm just a bit scared that's all
Should I accept my big loss and get ready to fall?
I'm still waiting by the phone
So let me know if you're alive so I can leave you alone
Eli you told me - live as a winner, die as a singer
(Truly you're fading away)
I was protecting down and above her, said that I loved her
(Truly you're fading away)

I'm gonna leave you alone, gonna let you decide
Make up your mind and tell a line after lie
If I leave you alone, will you do me the same?
I hate the game I play again and again
I will leave you alone
(I will erase you whole)
I'm gonna leave you alone
(I will erase you whole)
I will leave you alone
Cos I feel so ashamed to be part of a game

I'm ready to take control
For every step that I will rely on my soul
And all the titles I know they tried to give to you and me
We blew away and walked out of laughing happily
A happy new year given to none but one who walks alone
If I could just erase but a sharp year, instead of eating the bones

I'm gonna leave you alone, gonna let you decide
Make up your mind and tell a line after lie
If I leave you alone, will you do me the same?
I hate the game I play again and again
I will leave you alone
(I will erase you whole)
I'm gonna leave you alone
(I will erase you whole)
I'm gonna leave you alone
Cos I feel so ashamed to be part on a game
To be part of a game
To be part of a game

(change me)

You tried to change me didn't you?
You tried to change me didn't you, didn't you?
I tried to stop you, didn't I, didn't I?
I guess I didn't know
I guess I didn't
I guess I didn't
I guess I never tried to stop you at all

I'm gonna leave you alone, gonna leave you behind
I made up my mind and tell a line after lie
If I leave you alone, will you do me the same?
I hate the game I play again and again
I will leave you alone
(I will erase you whole)
I'm gonna leave you alone
(I will erase you whole)
I'm gonna leave you alone
Cos I feel so ashamed to be part of a game
To be part of a game
To be part of a game
