

# King Of The Top

Blue Café

I'm standing now on your way  
You're standing now on my way  
I think it's time to introduce myself  
My name's the King of the Top  
I see that you want it all Wath your you

So what is your creation  
Face the evaluation

I say the program's showing  
Your appetite is growing  
Let's see who's gonna win the voting today  
Look who just took up your place,  
It's a completely new face  
But don't despair  
Tomorrow can be your day

So what is your creation  
Face the evaluation

I've got to say it's a game  
I'm sure that you're gonna play  
You want the world to know your face,  
I know you're willing to win  
But darling haven't you heard?  
That every star can always be replaced

Show must go on!  
Show must go on!  
Now everybody sing! Come on!  
Now everybody sing! Come on!

So what is your creation  
Face the evaluation

I'm standing now on your way  
You're standing now on my way  
I think it's time to introduce myself  
My name's the King of the Top  
I see that you want it all  
Watch your position cause you are gonna fall

So what is your creation  
Face the evaluation
