

When I wake up in the afternoon
I get so worried
I keep thinking of you

When I wake up,
I'm in the same old mood
Oh I get so worried
I don't know what to do

But why'd you wanna do it?
Why'd you wanna waste your time?

Yours and mine, mine, mine
Why would you commit if you can't change your mind?
Well I guess that's fine
But this is goodbye

They're always saying to me
Why don't you act
Why don't you just act your age?
Why don't you act
Why don't you just act your age?

I've been down for so long
I got comfortable on my knees
And know I don't need you
I'm still eager to please
Nothing gives me pleasure,
There's no release, can't find an angle, no one believes you
I'm the guilty party, there's nobody left here but me

They're always saying to me
Why don't you act
Why don't you just act your age?
Why don't you act
Why don't you just act your age?

They're always saying to me
Why don't you just act your age?
Why don't you act
Why don't you just act your age?
