

## #deep

Bo Burnham

This songs about how deep I am  
I'm really fucking deep bro  
So deep that it's called "Hashtag Deep"

Have you ever stopped to watch a bluebird drop from a tree, and take  
to the air?  
Me neither  
Have you ever took time out to finish a rhyme but the right words jus  
t weren't there?  
Meat cleaver

The people in my life are like grains of sand  
'Cause they stick together  
Often near my butt hole

If life is an ocean, I am a deep and handsome fish  
A fish that's drowning  
If the artistic process is a birth canal  
Then I am a freshly jellied kid  
Come witness my crowning  
These thoughts of mine  
Must be a sign that I'm hashtag deep

If Jesus can walk on water, can he swim on land?  
Have you ever accidentally peed on the toilet seat instead of on your  
girlfriends face?  
Me neither. Me neither!  
Have you ever wrote  
A song note for note  
And not a single note was out of place?  
Duh  
Hold on.

Have you ever taken a side of bacon and jacked off watching babe? Me  
neither! Me neither!  
Have you ever seen a girl on Halloween that looks like she's dressed  
for a rape?  
Yes, not her fault though you sick fucks

The people in my life are like blades of grass.  
How?  
'Cause they're all so grounded but at least grass stays away from my  
butthole!  
Art is a harlot  
And I am her sassy urban friend  
Mmm, bitch, why you being so selfish?  
If momma is right and the world is my oyster  
Then I must have an allergy to shell  
You don't know  
How could you know?

If life makes you wish you were dead

Just put on a good movie, then promptly put a bullet in your head  
Spend forever asleep, 'cause life pales in comparison to living the d  
ream  
Hashtag deep
