

## Look at Grandma

Bo Diddley

Grandma, doing her thing  
Look at grandma with that diamond ring  
Look at grandma cgrandma's out of sight  
Look at grandma she's doing alright  
Look at grandma wear'n her hotpants  
Look at grandma trying to give the young boys a chance  
Look at grandma she's really out of sight  
Look at grandma trying to make everything alright  
Grandma grandma what you trying to do?  
Grandma, grandma eveybody's watching you  
She parked a rolls royce and jumped a minibike  
It wasn't too long before grandma was almost out of sight  
She went to a basement where teenagers hang out  
She did the funky chicken and took the whole thing out  
Grandma grandma what you trying to do?  
Grandma, grandma eveybody's watching you
