

Spend My Life With You

Bo Diddley

I'm gon' make it my business
To be in love with you
(Do-do-do, do-do-do-do)
I'm gon' make it my business
To be in love with you
(Do-do, do-do-do, do-do)
Well, now you can run away, baby
You can do anything you wanna do

I'm gon' call you, baby
I'm gon' call your house at night
I'm gon' call you, baby
I'm gon' call you late at night
I just wanna be your man
I promise baby, I'll treat you right

I'm gon' come by your house
Pick you up and take you for a ride
I'm gon' come by your house
Pick you up and take you for a ride
I want you with me, baby
All the rest of my life.

I'm crazy 'bout you, baby
I don't want nobody else
I'm crazy 'bout you, honey
I don't need nobody else
Well, now all I wanna do
Is spend the rest of my life
Wit' you, all by myself
FADES-
Do ya hear?
Hear?
