

# Heaven Can Wait

Bob Catley

Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - now I'm in your arms, your arms tonight

One touch and that's all it takes  
No winter promises and no harboured aches  
No words explain the way this feels  
Just put your trust in me, this time it's for real

And if you feel you can't go on  
Yes, I'll be, I'll be waiting

Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - don't let this feeling die tonight  
When I see the smile in your eyes  
I've found a place where love never dies  
Well, love is here in my heart  
So heaven can wait

One breath and no last goodbyes  
No fading hearts and there's no tears in your eyes  
No words explain the love I feel  
Just put your faith in me, this time it's for real

And if you cry out in the night  
Yes, I'll be, I'll be waiting

Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - don't let this feeling die tonight  
When I see the smile in your eyes  
I've found a place where love never dies  
Well, love is here in my heart  
So heaven can wait

Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - don't let this feeling die tonight  
Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - don't let this feeling die tonight  
Heaven can wait - now I'm in your arms, your arms tonight  
Heaven can wait - don't let this feeling die tonight
