

# Million Miles

Bob Dylan

**Em**

1. You took a part of me that I really miss.  
I keep asking myself how long it can go like this.

**Am**

You told yourself a lie; that's all right mama, I told myself one

**Em**

too.

**B7**

**Am**

I'm trying to get closer but I'm still a million miles from you.

2. You took the silver, you took the gold.  
You left me standing out in the cold.  
People ask about you; I didn't tell them everything I knew.  
Well I'm trying to get closer but I'm still a million miles from you.
3. I'm drifting in and out of dreamless sleep.  
Throwing all my memories in a ditch so deep.  
Did so many things I never did intend to do.  
Well I'm trying to get closer but I'm still a million miles from you.
4. I need your love so bad, turn your lamp down low.  
I need every bit of it for the places that I go.  
Sometimes I wonder just what it's all coming to.  
Well I'm trying to get closer but I'm still a million miles from you.
5. Well I don't dare close my eyes and I don't dare wink.  
Maybe in the next life I'll be able to hear myself think.  
Feel like talking to somebody but I just don't know who.  
Well I'm trying to get closer but I'm still a million miles from you.
6. The last thing you said before you hit the street.  
'Gonna find me a janitor to sweep me off my feet'.  
I said, 'That's all right mama...you...you do what you gotta do'.  
Well I'm trying to get closer but I'm still a million miles from you.
7. Rock me pretty baby rock me 'til everything gets real.  
Rock me for a little while rock me 'til there's nothing left to feel.  
And I'll rock you too.  
I'm trying to get closer but I'm still a million miles from you.
8. Well there's voices in the night trying to be heard.  
I'm sitting here listening to every mind polluting word.  
I know plenty of people who would put me up for a day or two.  
Yes I'm trying to get closer but I'm still a million miles from you.
