

# Narrow Way

Bob Dylan

I'm gonna walk across the desert 'til I'm in my right mind  
I won't even think about what I left behind  
Nothing back there anyway that I can call my own  
Go back home, leave me alone  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

Ever since the British burned the White House down  
There's a bleeding wound in the heart of town  
I saw you drinking from an empty cup  
I saw you buried and I saw you dug up  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

Look down angel from the skies  
Help my weary soul to rise  
I kissed her cheek I dragged your ???  
You broke my heart, I was your friend 'til now  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

In the courtyard of the golden sun  
You stand and fight or you break and run  
You went and lost your lovely head  
For a drink of wine and a crust of bread  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

We looted and we plundered on distant shores  
Why is my share not equal to yours  
Your father left you, your mother too  
Even death has washed it's hands of you  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

This is hard country to stay alive in  
Blades are everywhere and they're breaking my skin  
I'm armed to the hilt and I'm struggling hard  
You won't get out of here unscarred  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

You got too many lovers waiting at the wall  
About a thousand tons, I couldn't count them all  
Yesterday I could've thrown them all in the sea  
Today, even one, may be too much for me  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

Can't walk them, baby, you could do no wrong  
Put your arms around me, where they belong  
I won't take you under for the ghost to ????  
Lay my hands all over you, tie you to my side  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

I've got a heavy stacked woman with a smile on her face

And she has crowned my soul with grace  
Im still hurting from an arrow that pierced my chest  
I'm gonna have to take my head and bury it between your breasts  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

Been dark all night but now it's dawn  
The moving finger is moving on  
You can guard me while I sleep  
Piss away the tears I weep  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday

I love women and she loves men  
We've been to the west and we going back again  
I heard a voice at the dusk of day  
Saying, "Be gentle brother, be gentle and pray."  
It's a long road, it's a long and narrow way  
If I can't work up to you, you'll surely have to work down to me someday
