

# Merry Christmas Allah

Bob Rivers

Christmas treats have all been baked  
The fridge is stocked with booze  
But I still have one wish to make  
A big Noel to you  
Merry Christmas Allah  
We're far apart that's true  
But that can change if we can arrange  
Some mistletoe for you  
Christmas lights on my street  
I wish you could see  
But Mecca's so far away  
I would serve the family lamb instead of Christmas ham  
Just to make things okay  
Still I wish you'd get into Christmas  
Merry Christmas Allah  
Have some eggnog too  
Why not pick up a little Christmas tree  
and buy your wives some new shoes?  
Intermezzo  
My big desire - a worldwide cease-fire  
'Cause Santa's up in his sleigh  
And we wish you Merry Christmas  
Merry Christmas Allah  
Happy Ramadan too  
Just one more wish on this Christmas Eve  
Peace on Earth would do  
And take this fruitcake too
