

## Brand New Life

Bob Schneider

It's a beautiful day to start a brand new life  
Rolling out the monkey tree picking roses from the sky

Buy a house in the country wearing such luxurious  
clothes  
Oh I'll be so happy oh how nobody knows

It's a beautiful new day I'll start a brand new life  
Buy a big beautiful car buy a big beautiful wife

Live out on some remote island out in the Pacific Ocean  
Lay naked in the sand  
Maybe paint some pictures of some local island girls  
Like my man gaugin

It's a beautiful day to start all over again  
Pick up some brand new teeth pick up some brand new  
friends

Have dinner with the president of the United States  
smoking Cuban cigars  
Ride in the back of the presidential limousine  
Where its strictly champagne steak & caviar

Its a beautiful day and there's so much to do  
Gotta change my name I gotta learn kung fu (change my  
history too)

Maybe I can have some operation that'll let me forget  
Everything goddamn thing that's ever happened in my  
life aaah man I'd be set

Its a beautiful day way up in the sky  
Where the angels sleep that's where I want to lie

Gonna be a big timer gonna blow up the bank  
When I take home the gold I'll have myself to thank

Its a beautiful day everything is alright  
It's a beautiful day I think I'll start a new life

Don't wanna talk to nobody oh ever again  
Don't wanna leave my room don't want this dream to end
