

# Goodbye

Bobaflex

I've walked a million miles across this lonely desert  
To find out there's no one ever greet you in the end  
I've searched for signs of God but only found a devil  
He's [?] opened his arms and surely let me in

Everything I know  
It's no one knows where're we going when we

Die, die, everybody cry  
See you at the funeral, goodbye  
Goodbye, goodbye!  
Goodbye-goodbye, everybody cry  
See you at the crossroads when we're dead  
Goodbye, goodbye!

I tried to take my life in stormy West Virginia  
But I awake to find out this chuckling shit again  
Under the traffic light I begged for God's forgiveness  
I got this funny feeling no one listened in

Everything I know  
It's no one knows where're we going when we

Die, die, everybody cry  
See you at the funeral, goodbye  
Goodbye, goodbye!  
Goodbye-goodbye, everybody cry  
See you at the crossroads when we're dead  
Goodbye, goodbye!

I'm sick of my mind with everything going to shit  
[?]  
[?] and I'm saying goodbye  
I'll see you on the other side  
[x2]

I've walked a million miles across this lonely desert  
To find out there's no one there to greet me in the end  
I've screamed into the skies and waited for the answer  
I don't believe there's anyone worth questioning

Everything I know  
It's no one knows where're we going when we

Die, die, everybody cry  
See you at the funeral, goodbye  
Goodbye, goodbye!  
Goodbye-goodbye, everybody cry  
See you at the crossroads when we're dead  
Goodbye, goodbye!

My death will be like this
