

# I Smell Trouble

Bobby "Blue" Bland

Lord knows I try  
To do what's right  
One whole long year I stayed home  
Both day and night

'Cause I smell a, hmm, trouble  
Way over yonder, way up there ahead of me  
Yes, worries and troubles  
Lord, they just won't let me be

People talk about me  
Both night and day  
I said, "Lord, please forgive them"  
And go the other way

'Cause I smell a, hmm, trouble  
Lord, I smell trouble ahead of me  
Yes, worries and troubles  
Lord, they just won't let me be

And from now on  
I will not run and hide  
I'll face trouble with smile  
And hope it pass me by

'Cause I smell a, hmm trouble  
Way over yonder, way up there ahead of me  
Yes, worries and troubles  
They just won't, they just won't, they just won't let me be

Oh yeah
