You put all of it together  
Ya know what that comes up with?  
It's a recipe for hits  
Come on

Red light  
Green light  
Spotlight  
No light  
It comes and it goes when it feels right  
And nobody knows what it felt like  
Niggas always havin' conversations  
'Pinions on the state of my relationships  
They don't even know the situation, shit!

I gotta do what I do, yeah (gotta do what I do)  
I gotta be what I be (gotta be what I be)  
'Cause in the end, God damn, I gotta be real like Bobby B, yeah  
(Gotta be real like Bobby B)  
And everybody gon' talk about it, talk about it  
And I don't really give a... about it... about it  
'Cause in the end, God damn, I gotta be real like Bobby B, yeah

(Oooh, ooh, ooh) Bow!  
(Oooh, ooh, ooh) Yeah  
(Oooh, ooh, ooh) I gotta be what I be

Good times  
To bad times  
Bad times  
To worse times  
I don't even know why I'm still alive  
When God has a plan you don't ask why  
(Oooh) I been livin' deep in my redemption  
(Oooh) Swear to God, He got me on a mission  
(Oooh) I'm comin' back like I was never missinnnn'

I gotta do what I do, yeah (gotta do what I do)  
I gotta be what I be (gotta be what I be)  
'Cause in the end, God damn, I gotta be real like Bobby B, yeah  
(Gotta be real like Bobby B)  
And everybody gon' talk about it, talk about it  
And I don't really give a... about it... about it

But you wasn't here  
So how can you know someone  
And you wasn't there

I don't give a fuck 'bout you  
I does what I wanna do  
I don't care

I gotta do what I do, yeah (gotta do what I do)  
I gotta be what I be (gotta be what I be)  
'Cause in the end, God damn, I gotta be real like Bobby B  
(Gotta be real like Bobby B)
